- Completed Economics Honors Thesis Program

Wellesley-in-Aix — **Aix-en-Provence, France**
Institut d'Études Politiques and Aix-Marseille Université — *August 2014 – January 2015*

- Pursued courses in International Finance, French Literature, and Philosophy

WORKING PAPERS

"COBOLing Together UI Benefits: How Delays in Fiscal Stabilizers Impact Aggregate Consumption"

"Why Don't Taxpayers Bunch at Kink Points?" (with Andrew McCallum)

RESEARCH EXPERIENCE

Census Bureau — **Suitland, MD**
Economic Measurement and Research Internship (EMRI) — *July 2020 – Present*

- Working with Professor Haltiwanger on the modernization of prices with scanner data
- Creating price, expenditure, and real expenditure indexes and comparing them with official measures
- Working on self-directed research such as my third-year paper (COBOLing Together UI Benefits)

Federal Reserve Board — **Washington, DC**
Sr. Research Assistant — *August 2016 – July 2018*

- Developed functions in R from scratch to automate histograms and evolution charts for the prediction poll
- Worked with SOI income tax data to create kernel densities and histograms to show EITC bunching
- Updated and managed databases used in the Board's internal forecast model

Williams College — **Williamstown, MA**
Research Assistant — *September 2015 – May 2016*

- Collaborated with Professor Godlonton to measure the returns on microfinance loans in Burkina Faso
- Using Stata, recoded labels that were incorrectly inputted from the participants
- Transformed data and reports from French to English and met with the professor and other assistants to effectively communicate what areas of the project needed immediate attention

American Economic Association — **Albuquerque, NM**
Research Fellow — *Summer 2015*

- Investigated the effects of investing in green energy on structural unemployment in the United States
- Took introductory graduate level courses in economics
- Gained exposure to Stata through labs and econometric presentations at the AEA Pipeline Conference
