## EDUCATION

**University of Maryland** — **College Park, MD**
*Ph.D. in Economics* — *July 2018 – Present*

- Major in Labor Economics and Minor in Macroeconomics

**Williams College** — **Williamstown, MA**
*B.A. in Economics and French* — *September 2012 – June 2016*

- Economics Class of 1960 Scholar
- Completed Economics Honors Thesis Program

**Wellesley-in-Aix** — **Aix-en-Provence, France**
*Institut d'Études Politiques and Aix-Marseille Université* — *August 2014 – January 2015*

- Pursued courses in International Finance, French Literature, and Philosophy

## WORKING PAPERS

"COBOLing Together UI Benefits: How Delays in Fiscal Stabilizers Impact Aggregate Consumption"

"Why Don't Taxpayers Bunch at Kink Points?" (with Andrew McCallum)

## RESEARCH EXPERIENCE

**Census Bureau** — **Suitland, MD**
*Economic Measurement and Research Internship (EMRI)* — *July 2020 – Present*

- Working with Professor Haltiwanger on the modernization of prices with scanner data
- Creating price, expenditure, and real expenditure indexes and comparing them with official measures
- Working on self-directed research such as my third-year paper (COBOLing Together UI Benefits)

**Federal Reserve Board** — **Washington, DC**
*Sr. Research Assistant* — *August 2016 – July 2018*

- Developed functions in R from scratch to automate histograms and evolution charts for the prediction poll
- Worked with SOI income tax data to create kernel densities and histograms to show EITC bunching
- Updated and managed databases used in the Board's internal forecast model

**Williams College** — **Williamstown, MA**
*Research Assistant* — *September 2015 – May 2016*

- Collaborated with Professor Godlonton to measure the returns on microfinance loans in Burkina Faso
- Using Stata, recoded labels that were incorrectly inputted from the participants
- Transformed data and reports from French to English and met with the professor and other assistants to effectively communicate what areas of the project needed immediate attention

**American Economic Association** — **Albuquerque, NM**
*Research Fellow* — *Summer 2015*

- Investigated the effects of investing in green energy on structural unemployment in the United States
- Took introductory graduate level courses in economics
- Gained exposure to Stata through labs and econometric presentations at the AEA Pipeline Conference

## RELATED COURSEWORK

**University of Maryland** — **College Park, MD**
*Quantitative Courses* — *August 2018- Present*

- *Microeconomics:* Microeconomic Analysis I, Microeconomic Analysis II

- *Macroeconomics:* Macroeconomic Analysis I, Macroeconomic Analysis II, Advanced Macroeconomics I, Advanced Macroeconomics II, Computational Methods in Macroeconomics
- *Econometrics and Applied:* Econometrics I, Econometrics II, Empirical Microeconomics, Advanced Labor Economics: Theory and Evidence, Population Economics

**Williams College** **Williamstown, MA**
*Quantitative Courses* *September 2012- June 2016*

- *Economics:* Principles of Microeconomics; Principles of Macroeconomics; Intermediate Macroeconomics; Price and Allocation Theory; Econometrics; Population Economics; The Economics of Art and Culture; Income Distribution; Behavioral Economics; Financial Crises: Causes and Cures
- *Mathematics:* Multivariable Calculus; Statistics & Data Analysis; Differential Equations; Linear Algebra; Applied Real Analysis
- *Computer Science:* Introduction to Computer Science

**University of New Mexico** **Albuquerque, NM**
*Quantitative Courses* *Summer 2015*

- *Economics:* Intermediate Econometrics; Mathematic Methods for Economists; Microeconomics Seminar

## TEACHING EXPERIENCE

**University of Maryland** **College Park, MD**
*Graduate Teaching Assistant* *August 2019 – May 2020*

- Held weekly office hours for Principles of Macroeconomics and Labor Markets
- Graded problem sets turned in by students
- Led discussion sections for students prior to their exams

**Howard University** **Washington, DC**
*Volunteer Teaching Assistant* *September 2017 – May 2018*

- Tutored students in an introductory R course taught by the Federal Reserve Board
- Worked with students to develop final research projects for the course

**Williams College** **Williamstown, MA**
*Teaching Assistant, Differential Equations* *February 2016 – May 2016*

- Held weekly review sessions as well as extra review sessions before exams
- Graded weekly problem sets

## PRESENTATIONS

**AEA Pipeline Conference** **Albuquerque, NM**
*Presenter* *July 2015*

- Presented a poster on an error correction model that determined whether there was a Granger-causal relationship between electricity consumption and growth in developing countries from Latin America
- I received a travel grant from the AEA to attend the AEA Annual Meeting in San Francisco in January 2016

## ADDITIONAL INFORMATION

- **Computer Skills:** Stata, R, and Matlab
- **Languages:** Proficient in written and spoken French (TEF B2) and fluent in Spanish
- **Interests:** Literature, Traveling, and Running
